Subject: briefing paper for Sunshine Campground withdrawal request

Steve and ...Steve, Here is a summary of the timeline for the Sunshine Campground withdrawal revocation request. Please visit with the WO staff to express our urgency in getting this withdrawal revocation completed by August 31, 2015, so we can avoid a phased closing of the Wilson Peak Land Exchange.

Steve C: I have an e-mail with the dates this was entered into your DTS and sent to the WO. If those dates aren't what actually happened please let me know and I will change the document.

We appreciate any assistance you can give us in moving this forward quickly.

Patricia
